22.3 Any interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the authorised person signing the Tender.
D. Submission and Opening of Tenders

23. Submission, Sealing and Marking of Tenders

23.1 Tenderers must always submit their Tenders by mail or by hand delivery. Tenderers submitting tenders by mail or by hand delivery, shall enclose the original and each copy of the Tender, including alternative tenders, if permitted in accordance with ITT 13, in 3 separate envelopes, sealed and duly marked as “ORIGINAL”, “COPY” and “ALTERNATIVE”, respectively. All 3 envelopes shall then be enclosed in one (1) single envelope. The rest of the procedure shall be in accordance with ITT 23.2 and 23.3.

23.1 The inner and outer envelopes shall:
(a) Bear the name and address of the Tenderer;
(b) be addressed to the Purchaser in accordance with ITT 24.1;
(c) bear the specific identification of this tendering process indicated in ITT 1.1 and any additional identification marks as specified in the TDS; and
(d) bear a warning to the effect that the envelope must not be opened before the time and date for tender opening in accordance with ITT 27.1 of these Tender Documents.

23.2 If all envelopes are not sealed and marked as required, the Purchaser will assume no responsibility for the misplacement or premature opening of any tender. The Purchaser also assumes no responsibility for delay in courier or any other form of delivery.

24. Deadline for Submission of Tenders

24.1 Tenders must be received by the Purchaser at the address and no later than on the date and time specified in the TDS.

24.2 The Purchaser may at its discretion, extend the deadline for the submission of tenders by amending the Tender Documents in accordance with ITT 8, in which case all rights and obligations of the Purchaser and Tenderers previously subject to the deadline shall thereafter be subject to the deadline as extended.

25. Late Tenders

25.1 The Purchaser shall not consider any tender that arrives after the deadline for submission of tenders in accordance with ITT 24. Any tender received by the Purchaser after the deadline for submission of tenders shall be declared late, rejected and returned unopened to the Tenderer.

26. Withdrawal, Substitution, and Modification of Tenders

26.1 A Tenderer may withdraw, substitute, or modify its Tender after it has been submitted by sending a written notice in accordance with ITT 23, duly signed by the Tenderer or an authorised representative, and shall include a copy of the authorisation (the power of attorney) in accordance with ITT 22.2, (except that no copies of the withdrawal notice are required). The corresponding substitution or modification of the Tender must accompany the respective written notice. All notices must be:

(a) submitted in accordance with ITT 22 and 23 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL”, “SUBSTITUTION” or “MODIFICATION”, respectively; and
26.2 Tenders requested to be withdrawn in accordance with ITT 26.1 shall be returned unopened to the Tenderers.

26.3 No tender may be withdrawn, substituted, or modified in the interval between the deadline for submission of Tenders and the expiration of the period of tender validity specified in accordance with ITT 20.1 as specified in the TDS or any extension thereof.

27. Tender Opening

27.1 The Purchaser shall conduct the tender opening at the address, date and time specified in the TDS in the presence of Tenderers (or designated representatives of the Tenderers), representatives of the procuring entity and Tenders Board:

First,

(a) envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding tender shall not be opened, but returned to the Tenderer. If the withdrawal envelope does not contain a copy of the “power of attorney” confirming the signature as a person duly authorised to sign on behalf of the Tenderer, the corresponding Tender previously submitted will be opened. No tender withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorisation to request the withdrawal and is read out at tender opening.

Next,

(b) envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Tender being substituted, and the substituted Tender previously submitted shall not be opened, but returned to the Tenderer. No Tender substitution shall be permitted unless the corresponding substitution notice contains a valid authorisation by means of a copy of the power of attorney to request the substitution and is read out at tender opening.

And

(c) envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Tender. No Tender modification shall be permitted unless the corresponding modification notice contains a valid authorisation to request the modification and is read out at Tender opening. Only envelopes that are opened and read out at Tender opening shall be considered further.

27.2 All other envelopes shall be opened and read out identifying the following:

(a) the name of the Tenderer and whether there is a modification; the Tender Prices, including any discounts and alternative offers;

(b) the presence of a Tender Security or Tender-Securing Declaration if required; and

(c) any other details as the Purchaser may consider appropriate. Only discounts and alternative offers read out at Tender opening shall
be considered for evaluation. No Tender shall be rejected at Tender opening except for late Tenders, in accordance with ITT 25.1.

27.3 The Purchaser shall prepare a record of the Tender opening that shall include as a minimum:

(a) the name of the Tenderer and whether there is a withdrawal, substitution, or modification;

(b) the Tender Price, per lot if applicable, including any discounts, and alternative offers if they were permitted; and

(c) the presence or absence of a Tender Security or Tender-Securing Declaration, if one was required. The Tenderers’ representatives who are present shall be requested to sign the attendance record sheet. The omission of a Tenderer’s signature (or signature of Tenderer’s authorised representative) does not invalidate the contents and effect of the record sheet.

A copy of the record may be distributed to all Tenderers who submitted tenders in time.

E. Evaluation and Comparison of Tenders

28. Confidentiality

28.1 Information relating to the examination, evaluation, comparison, and post-qualification of tenders and recommendation of contract award, must not be disclosed to Tenderers or any other persons not officially concerned with such process until information on Contract award is communicated to all Tenderers.

28.2 Any effort by a Tenderer to influence the Purchaser in the examination, evaluation, comparison, and post qualification of the tenders or contract award decisions may result in the rejection of its Tender.

28.3 Notwithstanding ITT 28.2, from the time of tender opening to the time of Contract Award, if any Tenderer wishes to contact the Purchaser on any matter related to the tendering process, it should do so in writing.

29. Clarification of Tenders

29.1 To assist in the examination, evaluation, comparison and post-qualification of the tenders, the Purchaser may, at its discretion, request in writing from any Tenderer clarification of its Tender. Any clarification submitted by a Tenderer in respect to its Tender that is not in response to a request by the Purchaser or if a Tenderer does not provided clarification as requested by the Purchaser, the tender shall not be considered and rejected. The Purchaser’s request for clarification and the response shall be in writing. No change in the prices or substance of the Tender shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Purchaser in the evaluation of the Tenders in accordance with ITT 31. Any variation of price as a result of tax issues must be referred back to the Tenders Board for approval.

30. Responsiveness of Tenders

30.1 The Purchaser’s determination of a tender’s responsiveness is to be based on the contents of the tender itself.

30.2 A substantially responsive Tender is one that conforms to all the terms, conditions, and specifications of the Tender Documents without material
deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

(a) affects in any substantial way the scope, quality, or performance of the Goods and Related Services specified in the Contract; or

(b) is inconsistent with the Tender Documents, and substantially limits the Purchaser’s rights or the Tenderer’s obligations under the Contract; or

(c) if rectified would unfairly affect the competitive position of the other Tenderers who have submitted substantially responsive Tenders.

30.3 If a tender is not substantially responsive to the Tender Documents, it shall be rejected by the Purchaser and may not subsequently be made responsive by the Tenderer by correction of the material deviation, reservation, or omission.

31. Non-conformities, Errors, and Omissions

31.1 Provided that a Tender is substantially responsive, the Purchaser may waive any non-conformities or omissions in the Tender that do not constitute a material deviation.

31.2 Provided that a tender is substantially responsive, the Purchaser may request that the Tenderer submit the necessary information or documentation, requested by the Purchaser, within a period of time specified in the Principal’s request, to rectify minor or non-material non-conformities or omissions in the Tender related to its tender documentation requirements. The Purchaser’s request should only be for purpose of seeking clarification and not result in disqualification of a tender. Such omission shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.

31.3 Provided that the Tender is substantially responsive, the Purchaser shall correct arithmetical errors on the following basis:

(a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of the Purchaser there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;

(b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

(c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

31.4 If the Tenderer that submitted the lowest evaluated Tender does not accept the correction of errors, its Tender shall be rejected at the discretion of the Purchaser.

32. Preliminary Examination of Tenders

32.1 The Purchaser shall examine the Tenders to confirm that all documents and technical documentation requested in ITT 11 have been provided and to determine the completeness of each Tender submitted.
32.2 The Purchaser shall confirm that the following documents and information have been provided in the Tender. If any of these documents or information is missing, the Tender shall be rejected:

(a) Tender Submission Form in accordance with ITT 12.1;
(b) Price Schedules in accordance with ITT 12.2; and
(c) Tender Security or Tender Securing Declaration in accordance with ITT 21 if applicable.

33. Examination of Terms and Conditions; Technical Evaluation

33.1 The Purchaser shall examine the Tender to confirm that all terms and conditions specified in the GCC and the SCC have been accepted by the Tenderer without any material deviation or reservation.

33.2 The Purchaser shall evaluate the technical aspects of the Tender submitted in accordance with ITT 18, to confirm that all requirements specified in Section VI- Schedule of Requirements of the Tender Documents have been met without any material deviation or reservation.

33.3 If, after the examination of the terms and conditions and the technical evaluation, the Purchaser determines that the Tender is not substantially responsive in accordance with ITT 30, it shall reject the Tender.

34. Conversion to Single Currency

34.1 For evaluation and comparison purposes, the Purchaser shall convert all tender prices expressed in the submitted Tenders into the amount specified in the TDS, using the selling exchange rates established by the source and on the date specified in the TDS.

35. Domestic Preference

35.1 Domestic preference shall not be a factor in tender evaluation, unless otherwise specified in the TDS and with prior Tenders Board approval.

36. Evaluation of Tenders

36.1 The Purchaser shall evaluate each tender in accordance with the criteria defined in ITT 36. No other criteria or methodology shall be permitted.

36.2 To evaluate a Tender, the Purchaser shall consider the following:

(a) evaluation will be done for Items or Lots, as specified in the TDS; and the Tender Price as quoted in accordance with ITT 14;
(b) price adjustment for correction of arithmetic errors in accordance with ITT 31.3;
(c) price adjustment due to discounts offered in accordance with ITT 14.4;
(d) adjustments due to the application of the evaluation criteria specified in the TDS from those set out in Section III - Evaluation and Qualification Criteria of the Tender Documents; and
(e) adjustments due to the application of a margin of preference, in accordance with ITT 35 if applicable.

36.3 The Purchaser’s evaluation of a tender will exclude and not take into account the following:

(a) in the case of Goods manufactured in the Purchaser’s Country, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the Tenderer;
21

(b) in the case of Goods manufactured outside the Purchaser’s Country, already imported or to be imported, customs duties and other import taxes levied on the imported Good, sales and other similar taxes, which will be payable on the Goods if the contract is awarded to the Tenderer;

(c) any allowance for price adjustment during the period of execution of the contract, if provided in the tender.

36.4 The Purchaser’s evaluation of a tender may require the consideration of other factors, in addition to the Tender Price quoted in accordance with ITT 14. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Goods and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of tenders, unless otherwise specified in Section III - Evaluation and Qualification Criteria. The criteria used shall be as specified in ITT 36.2 (d).

36.5 If so specified in the TDS, these Tender Documents shall allow Tenderers to quote separate prices for one or more lots, and the Purchaser may award one or multiple lots to more than one Tenderer. The methodology of evaluation to determine the lowest-evaluated Tenderer is specified in Section III - Evaluation and Qualification Criteria of the Tender Documents.

37. Comparison of Tenders

37.1 The Purchaser shall compare all substantially responsive Tenders to determine the lowest-evaluated Tender, in accordance with ITT 36.

38. Post-qualification of the Tenderer

38.1 The Purchaser shall determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated and substantially responsive tender is qualified to perform the Contract satisfactorily.

38.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer’s qualifications submitted by the Tenderer pursuant to ITT 19.

38.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the tender, in which event the Purchaser shall proceed to the next lowest evaluated Tender to make a similar determination of that Tenderer’s capabilities to perform the contract satisfactorily.

39. Purchaser’s Right to Accept Any Tender, and to Reject Any or All Tenders

39.1 The Purchaser reserves the right to accept or reject any tender, and to annul the tendering process and reject all Tenders at any time prior to awarding the contract, without thereby incurring any liability to the Tenderers. In case of annulment of any tenders submitted and specifically, tender securities, the respective Tenderers are immediately notified and given ample time to uplift the tenders and tender securities from the Purchaser.

F. Award of Contract

40. Award Criteria

40.1 The Purchaser shall award the Contract to the Tenderer whose offer has been determined to be substantially responsive to the Tender Documents, provided further that the Tenderer is determined by the
evaluation panel to be qualified to perform the Contract to the satisfaction of the Purchaser. The Tenderer awarded the Contract may also be considered by the Purchaser as the Tenderer with the lowest evaluated tender.

41. Purchaser's Right to Vary Quantities at Time of Award

41.1 At the time the Contract is awarded, the Purchaser reserves the right to increase or decrease the quantity of Goods and Related Services originally specified in Section VI - Schedule of Requirements, provided this does not exceed the percentages specified in the TDS, and without any change in the unit prices or other terms and conditions of the tender and the Tender Documents.

42. Notification of Award

42.1 Prior to the expiration of the tender validity period, the Purchaser shall notify the successful Tenderer in writing, that its Tender has been accepted. At the same time, the Purchaser must also notify all other Tenderers of the results of the tendering, and shall publish in website of the Ministry of Finance, the results identifying the tender and lot numbers and the following information:

(i) name of each Tenderer who submitted a Tender; and

(ii) name of the winning Tenderer, and the Price it offered, as well as the duration and summary scope of the contract awarded.

42.2 Until a formal Contract is prepared and executed, the notification of award shall constitute a binding Contract.

42.3 After publication of the award, unsuccessful Tenderers may request in writing to the Purchaser for a debriefing seeking explanations on the grounds on which their Tenders were not selected. The Purchaser shall promptly respond in writing to any unsuccessful Tenderer who, after publication of contract award, requests a debriefing.

42.4 After the successful Tenderer has been awarded the Contract, the Purchaser will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to ITT 21.4.

43. Signing of Contract

43.1 After notification, the Purchaser shall send the successful Tenderer the Contract Agreement with the Conditions of Contract for comments to be provided within 2 weeks from the date the Draft Contract is received by the Tenderer, before the same is reviewed and cleared by the Office of the Attorney-General.

43.2 Once both the Tenderer and Purchaser have agreed to the Draft Contract shall be finalised and signed as determined by the Purchaser.

44. Performance Security

44.1 Within twenty eight (28) days of the receipt of notification of award from the Purchaser the successful Tenderer, shall furnish the Performance Security in accordance with GCC 18, using for that purpose the Performance Security Form included in Section IX - Contract Forms, or another Form acceptable to the Purchaser. The Purchaser shall promptly notify the winning Tenderer to each unsuccessful Tenderer and discharge the Tender Securities of the unsuccessful Tenderers pursuant to ITT 21.4.
44.2 Failure of the successful Tenderer to submit the above-mentioned Performance Security, comply with local requirements or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Performance Security. In that event the Purchaser may award the Contract to the next lowest evaluated Tenderer, whose offer is substantially responsive and is determined by the Purchaser to be qualified to perform the Contract satisfactorily.

45. Adjudicator

45.1 The Purchaser proposes the person named in the TDS to be appointed as Adjudicator under the Contract, at the hourly fee specified in the TDS, plus reimbursable expenses. If the Tenderer disagrees with this proposal, the Tenderer should so state in its Tender. If, in the Letter of Acceptance, the Purchaser does not agree on the appointment of the Adjudicator, the Purchaser will request the Appointing Authority designated in the TDS, to appoint the Adjudicator.

Section III – Evaluation and Qualification Criteria

This Section complements the Instructions to Tenderers (ITT) and the Tender Data Sheet (TDS). It contains the criteria that the Purchaser will use to evaluate a tender and determine whether a Tenderer has the required qualifications. No other criteria shall be used other than those stated here and otherwise the conformity with commercial requirements and Technical Specifications (ITT 18)

</table>

**NOTE:**

1. To the extent practicable, differences in Tenders resulting from application of Evaluation Criteria shall be expressed as monetary values to be added to tender prices for comparison purposes, after arithmetical correction, adjustment for omissions and application of discounts. These differences may relate to technical characteristics, performance shortfalls and purchase terms and conditions.

2. The Evaluation Criteria shall only be employed if there is strong confidence that the methodology is fair to the Tenderers, which are technically valid and will guarantee accurate, reliable and verifiable Supplier Data.

3. Post qualification need not be applied for acquiring readily available items of known quality from suppliers of good repute. Otherwise only information essential for confirming a Tenderer’s capability to successfully undertake the contract should be sought, using key capacity and financial factors, on a pass/ fail basis.

4. The application of Domestic Preference will be infrequent in Samoa and shall in every case be subject to prior approval of the Tenders Board.
1. Evaluation Criteria (ITT 36.2 (d))

The Purchaser’s evaluation of a tender may take into account, in addition to the Tender Price quoted in accordance with ITT 14.6, one or more of the following factors as specified in ITT 36.2(d) and in the TDS 36.2(d), using the following criteria and methodologies.

(a) **Delivery schedule.** (as per Incoterms specified in the TDS 14.5)

The Goods specified in the List of Goods are required to be delivered within the acceptable time range (after the earliest and before the final date, both dates inclusive) specified in Section VI, Delivery Schedule. No credit will be given to deliveries before the earliest date, and tenders offering delivery after the final date shall be treated as non-responsive. Within this acceptable period, an adjustment, as specified in the TDS 36.2 (d), will be added, for evaluation purposes only, to the tender price of tenders offering deliveries later than the “Earliest Delivery Date” specified in Section VI - Delivery Schedule.

(b) **Deviation in payment schedule.**

(i) Tenderers shall state their tender price for the payment schedule outlined in the SCC. Tenders shall be evaluated on the basis of this base price. Tenderers are, however, permitted to state an alternative payment schedule and indicate the reduction in tender price they wish to offer for such alternative payment schedule. The Purchaser may consider the alternative payment schedule and the reduced tender price offered by the Tenderer selected on the basis of the base price for the payment schedule outlined in the SCC.

(c) **Cost of major replacement components, mandatory spare parts, and service.**

(i) The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the TDS 18.3, is in the List of Goods. An adjustment equal to the total cost of these items, at the unit prices quoted in each tender, shall be added to the tender price, for evaluation purposes only.

(d) **Availability in the Purchaser’s Country of spare parts and after sales services for equipment offered in the tender.**

An adjustment equal to the cost to the Purchaser of establishing the minimum service facilities and parts inventories, as outlined in TDS 36.2(d), if quoted separately, shall be added to the tender price, for evaluation purposes only.

(e) **Projected operating and maintenance costs.**

Operating and maintenance costs: An adjustment to take into account the operating and maintenance costs of the Goods will be added to the tender price, for evaluation purposes only, if specified in TDS 36.2(d). The adjustment will be evaluated in accordance with the methodology specified in the TDS 36.3(d).

(f) **Performance and productivity of the equipment.**
(i) Performance and productivity of the equipment: An adjustment representing the capitalized cost of additional operating costs over the life of the plant will be added to the tender price, for evaluation purposes if specified in the TDS 36.2(d). The adjustment will be evaluated using the methodology specified in TDS 36.3(d).

(g) Specific additional criteria

Other specific additional criteria to be considered in the evaluation and the evaluation method shall be detailed in TDS 36.2(d)]

2. Post-qualification Requirements (ITT38.2)

After determining the lowest-evaluated tender in accordance with ITT Sub-Clause 37.1, the Purchaser shall carry out the post-qualification of the Tenderer in accordance with ITT 38, using only the requirements specified. Requirements not included in the text below shall not be used in the evaluation of the Tenderer’s qualifications.

(a) Financial Capability

The Tenderer shall furnish documentary evidence that it meets the following financial requirement(s):

- contracts of similar value & complexity, past three years
- audited financial statements past three years, showing positive net worth and sufficient cash flow for current project
- current inventory – required items
- bank & commercial references

(b) Experience and Technical Capacity

The Tenderer shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s):

- years in current principal line of business
- production output, last three years, similar units
- manufacturer authorization
- government & industry associations accreditation
- ISO and other quality certification
- specific technical expertise
- after sales service, warranty & spare parts support
- in country support infrastructure & services
- training for operation & maintenance

(c) Usage Requirements

The Tenderer shall furnish documentary evidence to demonstrate that the Goods it offers meet the following usage requirements:

- key performance levels/ capacities - certifications
- operating efficiency
- reliability
- durability for specified conditions
- occupational health & safety
- current model/ state of the art
- user evaluations/ test reports

4. Domestic Preference (ITT 35.1) – use only with prior Tenders Board approval

If the TDS so specifies, the Purchaser will grant a margin of preference to goods manufactured in the Purchaser’s country for the purpose of tender comparison, in accordance with the procedures outlined in subsequent paragraphs.

Tenders will be classified in one (1) of three (3) groups, as follows:

(a) **Group A**: Tenders offering goods manufactured in the Purchaser’s Country, for which (i) labour, raw materials, and components from within the Purchaser’s Country account for more than thirty percent (30%) of the EXW price; and (ii) the production facility in which they will be manufactured or assembled has been engaged in manufacturing or assembling such goods at least since the date of tender submission.

(b) **Group B**: All other Tenders offering Goods manufactured in the Purchaser’s Country.

(c) **Group C**: Tenders offering Goods manufactured outside the Purchaser’s Country that have been already imported or that will be imported.

To facilitate this classification by the Purchaser, the Tenderer shall complete whichever version of the Price Schedule furnished in the Tender Documents is appropriate provided, however, that the completion of an incorrect version of the Price Schedule by the Tenderer shall not result in rejection of its tender, but merely in the Purchaser’s reclassification of the tender into its appropriate tender group.

The Purchaser will first review the tenders to confirm the appropriateness of, and to modify as necessary, the tender group classification to which Tenderers assigned their tenders in preparing their Tender Forms and Price Schedules.

All evaluated tenders in each group will then be compared to determine the lowest evaluated tender of each group. Such lowest evaluated tenders shall be compared with each other and if as a result of this comparison a tender from Group A or Group B is the lowest, it shall be selected for the award.

If, as a result of the preceding comparison, the lowest evaluated tender is from Group C, the lowest evaluated tender from Group C tenders will then be further compared with the lowest evaluated tender from Group A, after adding to the evaluated tender price of goods offered in the tender for Group C, for the purpose of further comparison only an amount equal to fifteen percent (15%) of the CIP (named place of destination) tender price. The lowest-evaluated tender determined from this last comparison shall be selected for the award.

Section V – Eligible Countries

Eligibility for the Provision of General Services in Government of Samoa - Financed Procurement

1. The Government observes the practice of the multilateral institutions regarding country eligibility wherein, it permits firms and individuals from most countries to offer goods, works and services for its own and some donor financed projects. As an exception, firms of a Country or goods manufactured in a Country may be excluded if:

   Para 1.8 (a) (i): as a matter of law or official regulation, the Government of Samoa prohibits commercial relations with that Country, provided that such exclusion does not preclude effective competition for the supply of the Goods or Works required, or

   Para 1.8 (a) (ii): by an Act of Compliance with a Decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Government of Samoa prohibits any import of goods from that Country or any payments to persons or entities in that Country.

2. For the information of the Tenderers, at the present time firms, goods and services from the following countries are excluded from this tendering:

   (a) With reference to paragraph 1.8 (a) (i) above

       Andorra, Democratic People’s Republic of Korea, Liechtenstein, Monaco (World Bank and ADB non-members)

       PLEASE REFER TO APPROVED MEMBERS LISTS OF DONOR INSTITUTIONS

   (b) With reference to paragraph 1.8 (a) (ii) above

       Iraq
PART 2 – SUPPLY REQUIREMENTS

SECTION VI - Schedule of Requirements
**Section VI – Schedule of Requirements**

**Notes for Preparing the Schedule of Requirements**

The Schedule of Requirements shall be included in the tendering documents by the Purchaser, and shall cover, at a minimum, a description of the goods and services to be supplied and the delivery schedule.

The objective of the Schedule of Requirements is to provide sufficient information to enable Tenderers to prepare their tenders efficiently and accurately, in particular, the Price Schedule, for which a form is provided in Section IV. In addition, the Schedule of Requirements, together with the Price Schedule, should serve as a basis in the event of quantity variation at the time of award of contract pursuant to ITT 41.

The date or period for delivery should be carefully specified, taking into account (a) the implications of delivery terms stipulated in the Instructions to Tenderers pursuant to the Incoterms rules (i.e., EXW, or CIF, CIP, FOB, FCA terms—that “delivery” takes place when goods are delivered to the carriers), and (b) the date prescribed herein from which the Purchaser’s delivery obligations start (i.e., notice of award, contract signature, opening or confirmation of the letter of credit).

<sup>4</sup> If Applicable
Technical Specifications

Background – Specification Preparation Objectives

The purpose of the Technical Specifications ("TS") is to define the technical characteristics of the Goods and Related Services required by the Purchaser. The Purchaser shall prepare the detailed TS take into account that:

- The TS constitute the benchmarks against which the Purchaser will verify the technical responsiveness of tenders and subsequently evaluate the tenders. Therefore, well-defined TS will facilitate preparation of responsive tenders by Tenderers, as well as examination, evaluation, and comparison of the tenders by the Purchaser.

- The TS shall require that all goods and materials to be incorporated in the goods be new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided for otherwise in the contract.

- The TS shall make use of best practices and proven performers. Samples of specifications from successful similar procurements in the same country or sector may provide a sound basis for drafting the TS.

- The Government encourages the use of metric units.

- Standardising technical specifications may be advantageous, depending on the complexity of the goods and the repetitiveness of the type of procurement. Technical Specifications should be broad enough to avoid restrictions on workmanship, materials, and equipment commonly used in manufacturing similar kinds of goods.

- Standards for equipment, materials, and workmanship specified in the Tendering Documents shall not be restrictive. Recognised international standards should be specified as much as possible. Reference to brand names, catalogue numbers, or other details that limit any materials or items to a specific manufacturer should be avoided as far as possible. Where unavoidable, such item description should always be followed by the words “or substantially equivalent.” When other particular standards or codes of practice are referred to in the TS, whether from the Government of Samoa’s or from other eligible countries, a statement should follow other authoritative standards that ensure at least a substantially equal quality, then the standards mentioned in the TS will also be acceptable.

- Reference to brand names and catalogue numbers should be avoided as far as possible; where unavoidable the words “or at least equivalent” shall always follow such references.

- The TS shall be fully descriptive of the requirements in respect of, but not limited to, the following:
  
  (a) Standards of materials and workmanship required for the production and manufacturing of the Goods.
(b) Detailed tests required (type and number).

(c) Other additional work(s) and/or Related Service(s) required to achieve full delivery, completion and successful commissioning

(d) Detailed activities to be performed by the Supplier, and associated participation of the Purchaser

(e) List of detailed functional guarantees covered by the Warranty and the specification of the liquidated damages to be applied in the event that such guarantees are not met.

- The TS shall specify all essential technical and performance characteristics and requirements, including guaranteed or acceptable maximum or minimum values, as appropriate. Whenever necessary, the Purchaser shall include an additional ad-hoc tendering form (to be an Attachment to the Tender Submission Sheet), where the Tenderer shall provide detailed information on such technical performance characteristics in respect to the corresponding acceptable or guaranteed values.

- When the Purchaser requests that the Tenderer provides in its tender a part or all of the Technical Specifications, technical schedules, or other technical information, the Purchaser shall specify in detail the nature and extent of the required information and the manner in which it has to be presented by the Tenderer in its tender, particularly manufacturer technical specifications, application guidelines and performance data

- REFER TO SPECIFICATIONS COMPLIANCE SCHEDULE FOLLOWING, which in dot-point form should enable preparation of logically sequenced, well-structured specifications which can be easily and thoroughly assessed for compliance

19. Copyright

19.1 The copyright in all drawings, documents, and other materials containing data and information furnished to the Purchaser by the Supplier herein shall remain vested in the Supplier, or, if they are furnished to the Purchaser directly or through the Supplier by any third party, including suppliers of materials, the copyright in such materials shall remain vested in such third party. Notwithstanding the above, the Supplier may furnish to its Subcontractor such documents, data, and other information it receives from the Purchaser to the extent required for the Subcontractor to perform its work under the Contract, in which event the Supplier shall obtain from such Subcontractor an undertaking of confidentiality similar to that imposed on the Supplier under GCC Clause 20.
20.2 The Purchaser shall not use such documents, data, and other information received from the Supplier for any purposes unrelated to the contract. Similarly, the Supplier shall not use such documents, data, and other information received from the Purchaser for any purpose other than the performance of the Contract.

20.4 The above provisions of GCC Clause 20 shall not in any way modify any undertaking of confidentiality given by either of the Parties hereto prior to the date of the Contract in respect of the supply or any part thereof.

20.5 The provisions of GCC Clause 20 shall survive completion or termination, for whatever reason, of the Contract.

21. Subcontracting

21.1 The Supplier shall notify the Purchaser in writing of all subcontracts awarded under the Contract if not already specified in the tender. 23.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified in the SCC, and in any other instructions ordered by the Purchaser.

26.5 The Purchaser may require the Supplier to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Goods comply with the technical specifications codes and standards under the Contract, provided that the Supplier’s reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impede the progress of manufacturing and/or the Supplier’s performance of its other obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.

26.6 The Supplier shall provide the Purchaser with a report of the results of any such test and/or inspection.

26.7 The Purchaser may reject any Goods or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make alterations necessary to meet the specifications at no cost to the Purchaser, and shall repeat the test and/or inspection, at no cost to the Purchaser, upon giving a notice pursuant to GCC Sub-Clause 26.4.

26.8 The Supplier agrees that neither the execution of a test and/or inspection of the Goods or any part thereof, nor the attendance by the Purchaser or its representative, nor the issue of any report pursuant to GCC Sub-Clause 26.6, shall release the Supplier from any warranties or other obligations under the Contract.

27. Liquidated Damages

27.1 Except as provided under GCC Clause 32, if the Supplier fails to deliver any or all of the Goods by the Date(s) of delivery or perform the Related Services within the period specified in the Contract, the Purchaser may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those SCC. Once the
maximum is reached, the Purchaser may terminate the Contract pursuant to GCC Clause 35.

28. Warranty

28.1 The Supplier warrants that all the Goods are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.

28.2 Subject to GCC Sub-Clause 22.1(b), the Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.

28.3 Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the SCC, or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier.

28.4 The Purchaser shall give notice to the Supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Purchaser shall afford all reasonable opportunity for the Supplier to inspect such defects.

28.5 Upon receipt of such notice, the Supplier shall, within the period specified in the SCC, expeditiously repair or replace the defective Goods or parts thereof, at no cost to the Purchaser.

28.6 If having been notified, the Supplier fails to remedy the defect within the period specified in the SCC, the Purchaser may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier’s risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.

29. Patent Indemnity

29.1 The Supplier shall, subject to the Purchaser’s compliance with GCC Sub-Clause 29.2, indemnify and hold harmless the Purchaser and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney’s fees and expenses, which the Purchaser may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:

(a) the installation of the Goods by the Supplier or the use of the Goods in the country where the Site is located; and
(b) the sale in any country of the products produced by the Goods.

Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the Goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Supplier, pursuant to the Contract.

29.2 If any proceedings are brought or any claim is made against the Purchaser arising out of the matters referred to in GCC Sub-Clause 29.1, the Purchaser shall promptly give the Supplier a notice thereof, and the Supplier may at its own expense and in the Purchaser’s name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

29.3 If the Supplier fails to notify the Purchaser within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Purchaser shall be free to conduct the same on its own behalf.

29.4 The Purchaser shall, at the Supplier’s request, afford all available assistance to the Supplier in conducting such proceedings or claim, and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.

29.5 The Purchaser shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney’s fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Purchaser.

30. Limitation of Liability

30.1 Except in cases of negligence or willful misconduct:

(a) the Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser; and

(b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the
amount specified in the SCC, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the purchaser with respect to patent infringement.

31. Change in Laws and Regulations

31.1 Unless otherwise specified in the Contract, if after the date of 28 days prior to date of Tender submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the place of the Purchaser’s country where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 15.

32. Force Majeure

32.1 The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that it’s delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

32.2 For purposes of this Clause, “Force Majeure” means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. Such events may include, but not be limited to, acts of the Purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes, and any change in Government policy or new development involving the Government.

32.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

33. Change Orders and Contract Amendments

33.1 The Purchaser may at any time order the Supplier through notice in accordance GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:
(a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Purchaser;
(b) the method of shipment or packing;
(c) the place of delivery; and
(d) the Related Services to be provided by the Supplier.

33.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier’s performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended by written variation agreed to between the Parties. Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier’s receipt of the Purchaser’s change order.

33.3 Prices to be charged by the Supplier for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.

33.4 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the Parties.

34. Extension of Time

34.1 If at any time during performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Related Services pursuant to GCC Clause 13, the Supplier shall promptly notify the Purchaser in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier’s notice, the Purchaser shall evaluate the situation and may at its discretion extend the Supplier’s time for performance, in which case the extension shall be ratified by the parties by written amendment of the Contract.

34.2 Except in case of Force Majeure, as provided under GCC Clause 32, a delay by the Supplier in the performance of its Delivery and Completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 26, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 34.1.

35. Termination

35.1 Termination for Default

(a) The Purchaser, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate the Contract in whole or in part:
(i) if the Supplier fails to deliver any or all of the Goods within the period specified in the Contract, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 34;

(ii) if the Supplier fails to perform any other obligation under the Contract; or

(iii) if the Supplier, in the judgment of the Purchaser has engaged in fraud and corruption, as defined in GCC Clause 3, in competing for or in executing the Contract.

(b) In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 35.1(a), the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Related Services similar to those undelivered or not performed, and the Supplier shall be liable to the Purchaser for any additional costs for such similar Goods or Related Services. However, the Supplier shall continue performance of the Contract to the extent not terminated.

35.2 Termination for Insolvency

(a) The Purchaser may at any time terminate the Contract by giving notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Purchaser.

35.3 Termination for Convenience

(a) The Purchaser, by notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser’s convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.

(b) The Goods that are complete and ready for shipment within twenty-eight (28) days after the Supplier’s receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices. For the remaining Goods, the Purchaser may elect:

(i) to have any portion completed and delivered at the Contract terms and prices; and/or

Attachment: Sample Price Adjustment Formula

If in accordance with GCC Sub-Clause 15.1, prices shall be adjustable, the following method shall be used to calculate the price adjustment:

Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labour and material components in accordance with the formula:

\[ P_1 = P_0 \left[ a + bL_1 + cM_1 \right] - P_0 \]

\[ L_0 \quad M_0 \]

\[ a + b + c = 1 \]

In which:

- \( P_1 \) = adjustment amount payable to the Supplier.
- \( P_0 \) = Contract Price (base price).
- \( a \) = fixed element representing profits and overheads included in the Contract Price and generally in the range of five (5) to fifteen (15) percent.
- \( b \) = estimated percentage of labour component in the Contract Price.
- \( c \) = estimated percentage of material component in the Contract Price.
- \( L_0, L_1 \) = labour indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively.
- \( M_0, M_1 \) = material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin.

The coefficients \( a, b, \) and \( c \) as specified by the Purchaser are as follows:

\[ a = [insert\ value\ of\ coefficient] \]

\[ b = [insert\ value\ of\ coefficient] \]

\[ c = [insert\ value\ of\ coefficient] \]

The Tenderer shall indicate the source of the indices and the base date indices in its tender.

Base date = thirty (30) days prior to the deadline for submission of the tenders.

Date of adjustment = [insert number of weeks] weeks prior to date of shipment (representing the mid-point of the period of manufacture).

The above price adjustment formula shall be invoked by either party subject to the following further conditions:
(a) No price adjustment shall be allowed beyond the original delivery dates unless specifically stated in the extension letter. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. The Purchaser will, however, be entitled to any decrease in the prices of the Goods and Services subject to adjustment.

(b) If the currency in which the Contract Price $P_0$ is expressed is different from the currency of origin of the labour and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall correspond to the ratio of exchange rates between the two currencies on the base date and the date for adjustment as defined above.

(c) No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
